

CET Gainful Employment Information

Center for Employment Training (CET) trains individuals for employment in the following skills:

	<u>CIP Code</u>	/	<u>SOC Code</u>
Construction and Manufacturing Technologies (CMT)	46.0000	/	47-1011.00
Medical Assisting (MA)	51.0801	/	31-9092.00
Microsoft Office Technology (MOT)	52.0499	/	43-9061.00

The SOC codes and descriptions for each skill can be found on the O*NET website at www.onetonline.org/crosswalk

Normal length of time to complete each of these skills is:

CMT - 900 hours

MA - 1070 hours

MOT - 1020 hours

Completion and Placement totals and/or rates are calculated for and reported to the following three licensing and accreditation agencies – Integrated Post secondary Education Data System (IPEDS), Council on Occupational Education (COE) and Council on Postsecondary Education (CPE). The methodology for reporting to each may differ as follows.

Integrated Post secondary Education Data System (IPEDS)

Various completion, graduation and placement information is reported to IPEDS at various intervals during the year (Fall, Winter & Spring Collection Reports).

Fall Report - Institutional Characteristics, Completion totals & 12-month enrollment

Winter Report - Student Financial Aid Data

Spring Report - Fall enrollment, Graduation rates

Some reports are by cumulative totals only and others may be calculated for each skill/curriculum (CIP code – Classification of Instructional Program) and are further broken down by gender and race.

Council on Occupational Education (COE)

Completion and Placement totals and rates are reported annually for the academic year ending June 30 of each year. These are reported by each skill/curriculum and in total. Beginning enrollment (students still attending from prior academic year on first day of current academic reporting year), plus new qualifying enrollees are added to determine total Cumulative enrollment. Withdrawals during the academic year are subtracted from cumulative enrollment to determine the ending enrollment for the year.

	Beginning enrollment
plus	<u>New enrollees</u>
=	Cumulative enrollment
minus	<u>Withdrawals</u>
=	Ending enrollment

Completion and placement totals and rates are calculated for graduate and non-graduate completers during the academic year. Completers are determined as follows:

Graduated completers – those that have achieved the competencies required in that program and have been awarded the appropriate certificate/diploma,

Non-graduate completers - those that left the program without credentials or a certificate/diploma but have attained sufficient competencies in the program and a job in a related field.

Also included in this report are Graduate Completions who have attained a job in an unrelated field, and those unavailable for employment due to reason of pregnancy, health issues, incarceration, death, etc. or refused employment.

Graduation Rate = Graduate Completers (numerator) divided by Cumulative enrollment minus (-) ending enrollment (denominator)

Total Completion Rate = Total Completers (numerator) divided by Cumulative enrollment minus (-) ending enrollment (denominator)

Graduation Placement Rate = Graduate Completers Placed in related field (numerator) divided by Total Graduate completers minus (-) those who were unavailable for or refused employment (denominator).

Total Placement Rate = Graduate & Non-Graduate Completers (numerator) divided by Total completers minus (-) those who were unavailable for or refused employment (denominator).

A summary of graduate, completion and placement rates is attached.

A list of prospective employers and placements for each skill is attached.

CET Completion and Placement Rate Information

	PROGRAM COMPLETION (Graduation)			EMPLOYMENT PLACEMENT		
	Diploma Achieved	Total Completers	%	Placed in Related Field	Available for Placement	%
CET Institutional Statistic	56	96	58.33%	26	49	53.06%
IPEDS Reporting	32	91	35.16%			
COE Annual Report	48	70	68.57%	38	49	77.55%

Additional Information regarding on-time graduation of trainees:

Rate of completions within 100 % on-time	15%
Rate of completions within 150 % on-time	35%
